POINTS TO REMEMBER

Positively do not plant bulbs in borders or beds which are badly drained. Perfect drainage is vital and the most important instruction we can give you. Our guarantee does not cover losses from this cause.

Never use any strong commercial fertilizer or fresh manure when planting bulbs.

When picking the flowers do not cut away any more foliage from your bulbous plants than is necessary. Leaves and foliage store up food for next year's blooming.

Do not let seed pods remain on the stems after flowers have faded—it weakens the bulbs.

Do not dig up bulbs before foliage shows signs of dying, changing to yellow or brown.

Never dry bulbs in the sun—always in the shade.

Do not grow Tulips year after year in the same place. Sooner or later they may be attacked with a fungous disease called "fire blight," which attacks both foliage and flowers. Either change the soil or the location; in other words, follow the principle of crop rotation.

Bulbs should not be stored in an air-tight container.

Dear Sir: Oct. 17, 1949

I received my bulbs in fine shape, and want to tell you how well pleased I am with them. They are really the nicest bulbs I have ever seen and am sure they will all grow, unless something unforeseen happens to them. Thanking you. Sincerely,
Ruth Wallace, P. M.

Holdrege, Nebr.

Gentlemen: Nov. 15, 1949

I wish to thank you very much for sending to me such splendid large bulbs in the bulb order for which I wrote to you on Oct. 10, 1949. The bulbs arrived here in Holdrege in splendid condition, and I wish to thank you very very much for sending such extremely fine large double bulbs.

Also I wish to thank you for sending to me your very attractive and educational catalog.

Sincerely, F. Leplie

Gentlemen: June 26, 1949

The Tulips that I have purchased from you in the past years have been so pretty that I just can't pass up the opportunity of securing more new varieties from your 1949 catalog.

I have the great Red Emperor Tulip from you mixed with yellow Daffodils which makes a beautiful showing in early spring, followed with a mixture of other Tulips, and last year I ordered some double Darwin Tulips from you, which showed up so well that I cannot resist ordering more. So many of my friends admired these double Tulips, having such large blossoms carried on strong stems. All bulbs ordered from you have grown and bloomed.

Very truly yours,
Mr. Emil Kieckhefer

So. Windham, Me.

Dear Sir: May 26, 1949

I am writing to tell you about the Tulips I bought from you last fall. I do believe they are the most beautiful Tulips I have ever seen. Usually the pictures flatter but these Tulips are as beautiful and more so than the pictures.

Sincerely yours,
Mrs. J. W. Mayo

Somerville 43, Mass.

Dear Sirs: June 24, 1949

Enclosed please find my very small order for bulbs, with covering check.

I have been so truly delighted with past orders, that I could not resist the temptation to add a few more bulbs to my already lovely collection. I hope next year I may have added space to enable me to give you a larger order.

May I say my blooms were gorgeous this spring and their display in my office brought forth much comment—from which I hope you may receive some further orders. Your catalog has been circulated around the office.

Sincerely yours,
Miss Theresa Magnuson

Annapolis, Md.

Dear Sirs: May 5, 1949

I thought it would interest you to know that I have just won two first prizes with the white and red Tulips I got from you last Nov. I would like to know the names of these 2 Tulips if you kept a file on these. I already have two requests for your name and the name of the Tulips. I am president of a large garden club and we are having exhibitions of arrangements during the Wonderland Pilgrimage Week here in Annapolis.

Sincerely yours,
Mrs. H. A. Baldrige

Clifton Heights, Pa.

Dear Sirs: May 2, 1949

I wish I could express in words how pleased we are with the Tulip bulbs we bought from you this early spring. They are just gorgeous, and the one called Therese is the largest we have ever seen. We are going to try and paint this one the exact size today as it is in full bloom. All the neighbors stand and admire our Tulip bed.

Sincerely,
Mary B. Chapman

St. Louis, Mo.

Gentlemen: June 8, 1949

It is indeed a pleasure to express my appreciation for the fine bulbs, excellent packing, careful attention to filling of orders, and general consideration which you at Van Bourgondien Bros. are responsible for. I have ordered bulbs from others in the past, but comparison between your quality bulbs and other firms have convinced me that from now on my orders for bulbs will be exclusively yours.

Sincerely,
Mary Jeanne Armstrong

Richmond, Ind.

Dear Sirs: June 10, 1949

I was more than pleased with my order last fall. The Parrot Tulips were simply gorgeous this spring. They were admired by the garden club members who visited my garden. I want to thank you for the catalog which I received a few days ago. Enclosed find order for more bulbs.

Sincerely yours,
Mrs. Clarke Crowe

DICK WELLBAND. (Incomparabilis.) Very strong grower and exceptionally free-flowering. The perianth is pure white and the cup flame-orange. Its great beauty lies in the startling contrast between petals and cup which makes it stand out in the largest collection of Daffodils. 3 for 60c; \$1.90 per doz.; \$14.00 per 100.

FRITILLARIA IMPERIALIS

The Great Madonna, or Lilium Candidum

This is the exquisite **Madonna Lily**, which produces a large mass of snow-white flowers on straight stems. Plant these bulbs in the open in September or October.

Jumbo bulbs. 65c each; \$6.50 per doz.; \$50.00 per 100.

First size bulbs. 45c each; \$4.50 per doz.; \$33.00 per 100.

Fritillaria Imperialis

(Crown Imperial)

This unique and most attractive flower derives most of its name from the crown-shaped flower, as shown in the illustration. The original species grew wild in English meadows, and the present form is excellent for naturalizing as well as for the garden or border. It blooms in May and June. Children admire the pearly drops of nectar found in the chalice.

For best results, the bulbs should be planted during September.

RED. 75c each; \$8.00 per doz.

YELLOW. \$1.20 each; \$13.00 per doz.

LILIUM CANDIDUM

Bulbs for Indoor or Pot Culture

Amaryllis Hippeastrum Giant Hybrids

Each 70c; \$7.00 per doz.

These Giant Amaryllis are for indoor culture only. They are available from November 15th until the end of April. The colors vary from white striped with pink or red to dark red. We offer these Giant Hybrids as a mixture only. They are our best seedlings. We guarantee complete satisfaction with every Giant Amaryllis bulb.

Paper-White Narcissus

Suitable for Growing in Water and Gravel, Sand, or Fiber

We handle only the Giant Grandiflora variety, which is a great improvement over the ordinary Paper-White. It can be had in bloom for Christmas until Easter, either in pots, bowls, or boxes.

Jumbo or Exhibition Size: 3 for 35c; \$1.10 per doz.; \$8.00 per 100; \$70.00 per 1000.

Soleil d'Or Narcissus

Soleil d'Or resembles the Paper-White Narcissus very much in habit, but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus.

We offer only the Exhibition Size: 3 for 40c; \$1.50 per doz.; \$11.00 per 100.

GIANT AMARYLLIS

Iris Reticulata

It can be described as a small form of the Spanish or Dutch Iris. Its main value lies in the fact that it may be forced into bloom in the house with the greatest ease. Six bulbs put into a 4-inch pot when received will bloom at Christmas time. The fragrant blossoms remind one of a bunch of fresh Violets. Hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rock garden. \$1.25 per doz.; \$9.00 per 100.

French Roman Hyacinths

French Roman Hyacinths are among the earliest bulbs to be had in flower. They may be had in flower from November all through the winter months, if potted up in September and at intervals of every 2 weeks.

White. Jumbo bulbs, 3 for 95c; \$3.50 per doz.

Pink. Jumbo bulbs, 3 for 90c; \$3.00 per doz.
